	Winter Squash	Winter Squash
Zuke - Squash	Zuke - Squash	

**PLEASE NOTE:** This calendar provides an overview of what crops may be available for harvest during each month, not a guarantee. Fluctuations in weather and nature can effect the timing, quantity, and availability of all crops.

Each weekly share will include a variety of vegetables. We strive to provide 8-10 items weekly.

Our goal is to provide lettuce each week along with our market favorite mixed greens. In addition to the salad greens, we try to balance the share with vegetables for cooking and raw munching.

Our 3 hoopouses/high tunnels will allow us to bring you lettuces and salad greens later into the fall.
